

LOCKER COMBINATION INFORMATION

Write **your** combination number in your agenda book!

Directions:

1. Spin lock three **times clockwise** (to the right) to clear.
2. Turn **clockwise** (to the right) to the first number of the combination.
3. **Turn counterclockwise** (to the left – opposite direction) past the second **number** of the combination and then stop on the - **second number** the next time around.
4. **Turn clockwise (again to the right)** to the third number of the combination or **until** it stops (for two numbered combinations). Then **lift** handle.

REMEMBER. You are responsible for your own locker combination. Do not share with friends – and always keep **your** locker locked.
